## TERMS OF THIS PAPER.

SINGLE SUBSCRIPTION. One copy, one year, cash in advance, \$2.00

To Clubs of five, or upward, each subscriber, \$1.50

For want of space a Railroad communication, handed us at a late hour, must stay over until next week.

Court of Common Pleas will convene on Wednesday next—Judge Wood on the bench.

The brick work on the new Baptist Church is now completed, and about ready for roofing, which will be of state.

A new stock and fine variety of POCKET KNIVES just received at ADAIR'S Book Store.

The Baptist Sociable will be held at Mr. J. M. Wilson's, on Thursday evening, Oct. 12th. A cordial invitation is extended to all.

Mr. MOSES McDANIEL has concluded not to go West and will continue in business here. Wonder if our prospective Railroad had anything to do in changing his mind?

The excavation for Morris' new brick block, on the south-east corner of the Public Square, has been going on vigorously for some time, and a large hole has been made.

JAMES WATKINS, SEN., and lady, are the happy parents of a pair of twins, a boy and girl, born last Sunday morning.

ROBERT A. PINKERTON, and wife returned from their Western visit on Tuesday evening last, coming down from the millville in the mail wagon. Mr. Pinkerton is greatly pleased with the West, and thinks it a beautiful country, and the people full of energy, and driving business on a fast line.

MESS. ADAIR BROS. purchased on Saturday last, a large stock of WALL PAPER from the largest manufacturing house in New York. Their patterns for the Fall trade are superb, and far ahead of anything in this place, and at very low prices.

THE O. K. Base Ball Club, of Zanesville, not satisfied with the score made against them by the Hickory's, this place, last week, are trying to negotiate another game to be played in Zanesville.

But our boys are content to abide the result of the decision game last played, and will probably not go to Zanesville this season.

It is a matter, worthy of notice, that there were fewer drunken persons upon the Fair Grounds last week than usual. This was the pleasing result of the rule adopted by the Board of Directors excluding all intoxicating drinks from sale on the Grounds.

NAVIGATION between this place and Zanesville was disturbed the early part of this week, by the water being drawn off the Taylorville Canal in order to clean out a sand-bar which had caused some trouble recently in the present low state of the water, in passing that point.

The interruption was of but two or three days duration, and the water resumed her trips on Wednesday morning last.

E. J. HATT & BROS., of Marion township, represented this County in the Fair last week, with an excellent show of Merinos. They have also, been at attendance at the Northern Ohio Fair, where they were awarded premiums, and intend to visit some of the County Fairs yet to be held in this State. They are enterprising sheep growers, and a credit to Morgan County.

THE Democratic headquarters, in this place, are undergoing the infliction of a "new departure"—ride the new roof and projection on Judge Hanna's Law Office. Truly, this departure makes a contagious effect on old buildings, but how the Democracy will relish it can best be told after Tuesday next.

DICK ENGLE, of Chesterfield, was at the Fair, as advertised, and was successful in the premium line as usual—taking the premium on all the goods that he entered, if we may except one saddle. This saddle, by mistake, had the wrong ticket on it, and the Committee very wrongfully refused to allow the mistake to be rectified. We commend that the Board take this matter into consideration.

WALTER M. BUCHANAN, of Watford, Washington County, had an exhibition at our Fair, last week, a thoroughbred, short-horned Bull, "Belted Will," three years old, that weighed 2,300 pounds. He is a fine animal, of beautiful color and good shape, and when two years old took first premiums and sweepstakes wherever exhibited. Mr. Buchanan, also, had on exhibition a pure Leicester Buck, bred by the Earl of South Essex, two years old, and weighing 300 pounds.

EDITOR INDEPENDENT.—The active part taken in the election for officers of the Morgan County Agricultural Society, on the 29th ult., by the prominent Fish and Tool Merchant of this township, and the tractancy and perfidy of the Treasurer of that Society, and the Senior editor of the Herald, demands the severest rebuke of all friends of the Society. Those men while professing friendship for the President of the Society, took occasion to stab him in the back, for the purpose of furthering their own selfish ends. We feel that the Society has met with a great misfortune in this election, so no one man has contributed so much or so faithfully labored for the welfare of the Society as the outgoing President. Men who thus resort to such dishonorable means as this trio have been guilty of, to accomplish a purpose, require watching.

MORGANVILLE, Oct. 3, 1871.

## FAIR.

The nineteenth annual Fair of the Morgan County Agricultural Society held last week, was the largest, most interesting, and completely successful Fair, ever held in this county, in all of its ramifications. The crowd in attendance was the largest ever seen upon the Grounds, and has been variously estimated at from six to eight thousand persons and some people think that as many as ten thousand persons were there on the last day. The raw, chilly air, of the second day, kept many persons from the Grounds, but the last day was pleasant and beautiful, and all seemed to enjoy themselves on the occasion of this annual re-union.

The entries numbered 1005—the greatest number made since the formation of the Society, and 215 more than were recorded last year, while receipts were about \$1700—fully \$350 more than ever before realized, and double that of many former years.

The display of Fruit was very large, and exceeded the expectations of all, even though we remembered that the crop had been a promise one this year. The quantity of Quinces was, certainly, without precedent, and of splendid quality.

Floral Hall was filled with articles of Domestic Manufacture, and a good variety of Flowers, Paintings, Fancy Work, &c., tended to make this place quite attractive.

The testing Committee surely had all that they wanted to do, without need of adjourning for dinner, as we never saw a much more orderly and efficient one of our Fairs, that the people wanted a decision upon.

Farmer's Hall abounded in Cereals and Vegetables creditable to exhibitors. The Pumpkins, Squashes, Beets, Onions, and other Vegetables commanded universal attention, a respect due them on account of their portly appearance.

In Wheat, Oats, Rye, Timothy seed &c., our Farmers are well represented; the quantity and variety of Indian Corn was unusually large, and of superior quality.

The number of horses on exhibition was, perhaps, greater than ever before, but, generally, not of as good quality, or in as good condition, as we have seen at our Fairs heretofore. A goodly number of Mules were, also, on the Grounds, and made a better exhibition in this class than usual.

An increasing interest in Sheep raising, at this time, encourage our people to bring out their stock in this class of animals, and a show of Merinos, Zebu, and other breeds, was large and creditable.

The Swine Department was well represented, and of a superior grade. This Class was a creditable feature of the Fair, and evinces the determination of our people to propagate good stock, notwithstanding the low condition of the Hog market.

The Cattle display was smaller than usual, but of an excellent character. Those on exhibition were regarded by our Cattle judges as very much above the average.

The number of Oxen present shows an increasing interest in this class of work and man.

The success of this exhibition throughout the County, is a matter of congratulation to our citizens and the Board merit the approbation of the people of the county for their earnest and zealous efforts to accomplish this good result. But while we speak of the Board as a whole, we must not omit to mention that the unflagging and diligent labors of the Executive Committee, perhaps, contributed more to the success of the Fair than anything else.

For weeks prior to the Fair he was working unceasingly in the interests of the Society, soliciting the co-operation of friends of the same, sending out posters all over this and adjoining Counties, and corresponding with exhibitors and others in all the Counties surrounding our own.

Railroad matters are in good shape, and the entire operation of the line is needed in order to make our part of the movement a success.

BENNETT ROSEMAN, Esq., of Cumberland, Dr. FRANKS, Esq., of Washington, and Mr. GRACE, of Freeport, were here on yesterday, in consultation with some of our zealous Railroad men, but what a large talk about has not yet become public. But it is probable that something looking towards the organization of the Company, on the first of next month, was under consideration.

**MARRIED.** Sept. 28th, 1871, by Rev. C. W. Courtwright, at his residence in McConnellsville, Ohio, Mr. James Ferguson of Hocking County, Ohio, and Miss Sarah C. Bailey, of Morgan Co., Ohio.

Also, by the same, on same day, and at same place, Mr. Daniel J. Donohoo and Miss Louisa E. Taylor, both of this County.

Also, by the same, at the residence of the bride's mother, Thursday, Oct. 5th, Mr. Welcome B. Chamblin, and Miss Emma Cunningham, both of this County.

**Agricultural Notice.** The Board of Directors of the Morgan County Agricultural Society will meet at the Mayor's Office, in McConnellsville, on Monday October 9, 1871, at ten o'clock, A. M., for the purpose of reviewing the list of awards at the late Fair of the Society, and the transaction of such other business as may be presented at the time. A prompt and full attendance of the Board is desired.

JOHN S. ADAIR, Secretary.

**Lukens and Strong.** This firm has made large additions to their work-shops, and are now well prepared to manufacture all kinds of work to order.
